Annual Picnic of Northern Jute

# Statement from Chairman

Uzzal Kumar Nandi Chairman

Dear Shareholders,

I would like to take this opportunity to welcome you all, on behalf of the members of the Board of Directors of the Northern Jute Manufacturing Company Limited in it's 38th Annual General Meeting and to present the Annual Report for the Year Ended 30th June, 2018.

Despite of various industrial and economic challenges such as high inflation rate, scarcity of power, fluctuation of raw jute prices, infrastructural deficiencies, various global activities (Brexit, unrest situation in middle east) and instability of yarn/twine price felt the whole jute sector in uncertainty. Yet in this critical period due to the sound and prudent management effort the company achieved considerable level of growth in production and revenues. Though revenue has been increased significantly but there was a negative growth of Gross Profit by 24.46% in the year 2017-18. This is why cost of Raw Jute gradually increased by 20% -25% over the year but sales price had been decreased by 8%-10%. We are taking various diversification plans aiming to reach the untapped market. Maximizing Shareholder's benefits will be our prime focus like before and hope it will be continuing in coming days. Our efficient management and skilled labors are the backbone of the company. We are confident about our ability and team spirit. I am confindent to continue support from our shareholders, employees and other stakeholders we would be able to develop our company to greater heights in the coming year. Additionally, the company is trying to increase export by setting the latest machineries and ensuring quality which we believe is our main motto.

On behalf of the Board of Directors and myself, I would like to thank all our Shareholders and members of the Board for their unstinted support. I thankfully acknowledge the support and guidance from the regulatory bodies. I wish to place on record my appreciation to the employees and workers, Banks and other Govt. & Non Govt. agencies for their commitment, dedication and hard working and support.

Lastly and most importantly, I acknowledge with gratitude, the sincere support and trust of the buyers and financial partners who are constituted the strength of the Company and source of inspiration. We look towards the future with the confidence of running the business optimally, maximizing the returns to our stakeholders.

We hope that with your continuous support the Company shall be able to carry on its journey to progress in the years ahead.

# Statement from Managing Director

Ananga Mohan Roy Managing Director

Dear Shareholders,

It is indeed a great honor and privilege for me to greet you all to the 38th Annual General Meeting of your Company. I am also pleasured to be able to place before you the Annual Report along with the Auditor's and Director's Reports for the Year Ended 30 June 2018, and overall performance of the Company and its prospects for the future.

Being one of the biggest export earner of Bangladesh, the jute Industry plays a vital role for the economy. The future prospect of the jute industry in Bangladesh is very positive. Though the jute industries have been going through struggles during the last couple of years due to high price of raw jute and lowest price of yarn/twine, which have been increasing the cost of production of yarns, the sound and prudent effort of the management helped the company achieve considerable level of growth in Production and Sales.

It is very important to have good corporate governance for success and growth sustainability. Therefore to review the risks faced by the business and measures are taken by management to address the risk, we have an active Audit Committee in place. There is also a strong internal financial and operational Control framework that gives practical reassurance to the Board and managementthat the objectives of the business will be met. The Board is glad to report a rise in Sales for 2017-2018 compared to previous fiscal year. The consolidated sales amounted to Tk. 56.79 Crore compared to Tk. 43.89 Crore in the previous year for the same period.

Our employees drive our business and they are the most important factor in our success story. The board and management understand and valued this, for which there is an excellent HR policy that ensures growth and development of employees. tuation.

In conclusion, I would like to express my deepest appreciation to the company's shareholders for their trust and enduring support to the Board of Directors to operate the Company. I would also like to sincerely thank the Banks, Financial and Regulatory Agencies, Suppliers and Customers, various people we have interacted with in course of business, management staff and members of the company at all levels for their loyalty and extensive hard work, and express our hope for prosperity.

We are looking forward to better days ahead!

# DIRECTORS' REPORT Northern Jute Manufacturing Company Limited FOR THE YEAR ENDED 30TH JUNE, 2018

### **Dear Shareholders:**

On behalf of the Board of Directors and Management of Northern Jute Manufacturing Company Limited, I welcome you to the 38th Annual General Meeting of the Company. I have the pleasure to enclose herewith the Directors' Report together with the Audited Financial Statements of the Company for the year ended June 30, 2018 along with the Auditors' Report thereon. These were approved by the Board of Directors on September 23, 2018 which has been prepared in compliance with section 184 of the Companies Act, 1994 and Bangladesh Securities and Exchange Commission's Notification No. SEC/CMRRCD/2006-158/134/Admin/44 dated 7th August, 2012 and other applicable laws

# **Industry Outlook**

Jute and jute goods put in a solid shift in the overseas market in fiscal 2017-18, crossing the \$1 billion mark in receipts after five years, much to the cheer of the government as it endeavors' to lower dependency on garment. Last fiscal year, the sector brought home \$1.02 billion, up 6.56 percent year-on-year. Jute and Jute goods is the third sector to cross the \$1 billion mark in export earnings after apparel and leather and leather goods. The sector's turn of fortune comes as the use of the natural fibre is on the rise worldwide for a growing shift towards an eco-friendly lifestyle. Besides, the demand for jute sacks is on the rise from African countries like Sudan, Kenya, Ivory Coast, Nigeria, Egypt, Cameroon, Tanzania and Uganda, where they are used for food grain packaging. Another important reason for the rise in the exports sector is the use of the natural fibre by global car giants like BMW, Mercedes-Benz, Toyota, Renault, Mitsubishi, Volvo, Audi, Daimler Chrysler and Ford, as per information made by the owner of Supreme Fashion and Fibre, which ships 600 tonnes of raw jute a year. The global car industry needs about 100,000 tonnes of jute a year, of which 12,000 tonnes from Bangladesh. As a result, Bangladesh has the potential to export jute and jute goods worth \$5 billion to \$7 billion annually in the next seven years.

SOURCE: EPB

### The state of the Company's affairs

Northern Jute Manufacturing Company Limited is a Public Limited Company. The Company was listed with Dhaka Stock Exchange Limited in 1994. Northern Jute Manufacturing Company Limited was set up with 700 spindles on 3.12 acres of land at BSCIC Industrial Estate, Kumargara, Kushtia with the production capacity of 1,928 M Tons based on three shifts per day of 8 hours each of 300 working days in a year in the year 1982.

Over the periods, the capacity extended by 5 times from initial capacity. Company's core focus area is product development through research and innovation and its effort is to produce diverse range of yarn/twine to compete in the higher value added market segment. As a part of continuous expansion program for sustainable business and for linking backward integration, the Company's existing production capacity of 9,200 MT per annum.

Production Capacity verses actual Production for last four years in operation:

Description	2017-18	2016-17	2015-16	2014-15
Production Capacity (In M. Ton.)	9,200.00	7,200.00	5,928.00	3,528.00
Actual Production (In M. Ton.)	7,987.62	5,921.64	3,841.98	2,044.66
Capacity utilized	86.82%	82.25%	64.81%	57.96%

### **Risks and Concerns**

The term risk refers to the possibility of inadequate profits or even losses due to uncertainties, e.g., changes in tastes, preferences of consumers, strikes, insufficient supply of raw materials etc. The Major Risk associated with the Jute Industries are:

- Insufficient supply of good quality seed;
- Lack of awareness among jute farmer regarding best post harvest technology and how practice affected prices;
- Low mills productivity in terms of machinery;
- Lack of skill labor;
- Interest rate risk;
- Exchange rate risk;
- Lack of market linkages;
- Unfavorable Market Price;
- Price Volatility;
- Weak bargaining power with the foreign buyers;
- Multiple intermediary levels;
- Govt. Procurement Policy; etc

The Management of the Company continuously developing their management, marketing and operational strategies to overcome the above challenges.

# **Operational performance**

# **Capacity/Production**

In this year 2017-18, Northern Jute Mfg. Co. Ltd is producing highest quantity in the history of this organization. Now the mill is running on a 3 shift basis. Total production capacity of Northern Jute Manufacturing Co. Ltd. is 9,200 (M.T) where as during this year the production was 7,987.62 (M.T). It is 86.82% of total production capacity.

# **Product wise performance**

Northern Jute Manufacturing Company Limited manufacture Jute Yarn and Twine only. Total sales during the year was 7.332.44 M. Ton .

### **Cost of production**

The cost of production per M. Ton increased as compared to the last year mainly due to wide fluctuations in the price of raw jute, packing materials, fuel & power, unit of production and spare parts which were beyond the control of the Management. Total cost of production during the year is Tk. 58,09,39,183 against Tk. 39,07,07,315 in 2016-17.

# Sales performance

The Company's marketing operation continued and grown emphasis on export sales over the years. Total sales during the year ended 30 June, 2018 was Tk. 56,78,89,918 against Tk. 43,88,55,516 in 2016-17.

### **Capital expenditures**

In order to upgrade the production facilities, the company made an additional net capital expenditures of Tk. 9.24 million. Moreover, dormitory for workers and officers is under construction, total approximately cost Tk. 52.00 Million. This investments had enabled the company to sustain the rate of production efficiency at the reasonable level over the years.

# **Foreign Exchange Earned**

The Company contributed substantially to the Foreign Exchange Reserve of the Country during the reporting year through its export marketing operation. Total Export earning during 2017-2018 was \$ 69,24,484.00.

# **Highlights of Financial Performance in 2018**

The Company's before and after tax profit for the year 2018 are (31.28) million and (36.74) million compared to Tk 13.12 million and Tk 9.15 million respectively in the previous year.

# The financial result is summarized below

Particulars	2017-18 (Tk.)	2016-17 (Tk.)
Revenue	567,889,918	438,855,516
Cost of Goods Sold	499,504,665	348,319,044
Gross Profit/(Loss)	68,385,253	90,536,472
Operating Expenses	102,127,098	78,349,569
Operating Profit/(Loss)	(33,741,845)	12,186,903
Other Income	2,463,792	935,022
Net Profit/(Loss) before provision	(31,278,053)	13,121,925
Net Profit / (Loss) after provision	(36,741,608)	9,151,273
Earning Per Share (EPS)	(17.15)	4.27

# Significant events relating to financial operating results

There was a negative growth of Gross Profit by 24.46% in the year 2017-18 where revenue did not decline with the same pace during the said year. Cost of Raw Jute gradually increased by 20% -25% over the year but sales price had been decreased by 8%-10%. And also increased the power cost significantly due to generating electricity frequently through diesel generator, at a highly cost power sourcing alternative, for back up emergency power supply. As a result, cost of production of yarn per M.Ton went up by 10.73% as compared to last year. Increased cost of production didn't realize out of the yarns selling price because of unrest political situation in middle east, trade war between US and China , US administration has also locked into trade battles with US allies Canada, Mexico, EU and Japan as well as Russia and India and more importantly deflation of Indian Currency. For these reasons, Net profit dropped off significantly as compared to the previous year annualized profit, on top of which, there was a huge financial expense incurred against bank borrowings for fresh investment to the project and against short term borrowings to meet up working capital for extended capacity.

### Retirement and re-election of Directors

Islamic Development Bank, Jeddah submitted a voluntary resignation to the Board of Directors of Northern Jute Mfg. Co. Ltd with immediate effect vide their letter No. 17-2-1232, dated 20.12.17. After discussion the Board accepted the voluntary resignation of Islamic Development Bank from the Board of NJMCL in its 149th meeting held on 07.02.18.

In the same Board Meeting, the Managing Director placed a CV of Mr. Arun Kumar Kundu, FCA having qualification and experience the Board of Directors have decided to appoint him as an Independent Director.

### **Subsidiary Company**

The Company has no subsidiary companies.

### **Appointment of Auditors:**

In 37th Annual general Meeting, shareholders appointed M/s. Pinaki & Company, Chartered Accountants, as the external auditors for the auditing financial statements of the Company for the year ended 30th June, 2018 until the conclusion of 38th Annual general Meeting.

# **Corporate Social Responsibility:**

Northern Jute Manufacturing Company Ltd is trying to maintain adequate transparency, quality of product and proper corporate governance. We believe that our business objectives are not only to maximize the profitability but also address the needs of the society. From this view of point, we extend our help to local Mosque and social organizations in Kushtia where our Factory located. We always try our level best to contribute financial help to the meritorious Children of our Employees for their education and medical needs.

# **Corporate governance:**

Corporate governance is key to its sustenance. Good Corporate Governance is key to successful sustenance. Our Corporate Governance is as follows:

### **Board of Directors**

In line with the concept of good corporate management practice and the provisions of the Articles of Association, The Board of Directors, the top Management tier is responsible for overall control and supervision of the entire affairs of the Company primarily through strategic planning & budgetary control mechanisms. To this end, The Board of Directors holds periodic meetings to resolve issues of policies and strategies, correctly recording the minutes/ implementation of the decisions taken by the Executive Management. During the year under review the board held 6 (Six) meetings to transact various agendas.

The Board of Directors is reconstituted every year by the shareholders through retirement /re-election/ election of its members.

# Separate role of the Chairman and Managing Director

The positions of Chairman and Managing Director are held separate persons. The Chairman is responsible for the functions of the Board & time worthy vigorous policy making while the Managing Director serves as the Chief Executive of the Company looking after the activities/performances of the workforce time to time visiting the Factory.

# **Audit Committee of Board**

In line with BSEC guidelines for ensuring good governance practices, a three member audit committee was formed where an Independent Director acts as Chairman of the committee. All the members of the Audit Committee are Non-executive Directors. The audit committee of the Board held 4 (four) Meetings during the year.

# **Communication with the Shareholders**

The Shareholders as owners of the Company are required to be provided with material information on the Company's operation quarterly, half-yearly and annually. They have also provided routine services by the Company Secretary in any company matters which is permissible. The Board is however responsible to the Shareholders as well as investors for publication of price sensitive information as per regulations of Bangladesh Securities and Exchange Commission. The Company has also a website to provide permissible information/notices/price sensitive information/financial reports/disclosures and others for the Shareholders and interested investors.

### **Statement of Corporate Governance**

Corporate governance is the system by which companies are directed and controlled by the management in the best interest of all stakeholders, thereby ensuring greater transparency and better and timely financial reporting.

The Board of Directors are responsible for proper governance which includes setting out the Company's strategic aims, providing the necessary leadership to implement such aims, supervising the management of the business and reporting to the shareholders on their stewardships.

Northern Jute is committed to continually reviewing all corporate governance policies and practices to ensure the ongoing transparency of the company's practices and the delivery of high standards and quality information to stakeholders.

The maintenance of effective corporate governance remains a key priority of the Board of Northern Jute Mfg. Co. Ltd. Northern Jute considers that its corporate governance practices comply with all the aspects of the BSEC notification No. SEC/CMRRCD/2006-158/134/admin/44 dated 7th August, 2012 are depicted/disclosed in the Annexure-I, IV, V, and VI respectively.

# **Management appreciation:**

The Board of Directors record with deep appreciation the performance of the management, the officers, staff and workers whose continuous effort helped increase the productivity despite the natural and unnatural adverse factors of production and marketing throughout the country and abroad. It is expected the employees and the management will continue to improve the results for the interest of shareholders whose unswerving trust in management has always been an inspiration to the Board of Directors. The directors express their gratitude and acknowledge with keen interest the cooperation and unflinching support received from various agencies including Bangladesh Securities and Exchange Commission, Stock Exchanges, National Board of Revenue, Board of Investment, Bank and Financial Institutions and other agencies of the public.

Once again thank you all.

On behalf of the Board of Directors,

(Uzzal Kumar Nandi)

Chairman

# Chartered Accountants

# AUDITOR'S REPORT TO THE SHAREHOLDERS

OF

# NORTHERN JUTE MANUFACTURING COMPANY LIMITED

We have audited the accompanying financial statements of **Northern Jute Manufacturing Company Limited** which comprises the Statement of Financial Position as at June 30, 2018 and the related Statement of Profit or Loss and Other Comprehensive Income, Statement of Changes in Equity, Statement of Cash Flows for the year then ended and a summary of significant accounting policies and other explanatory notes.

# Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with International Financial Reporting Standards (IFRS), the companies Act 1994, the Bangladesh Securities and Exchange Rules 1987 and other applicable laws and regulations, This responsibility includes designing, implementing, and maintaining internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error; selecting and applying appropriate accounting policies; and making accounting estimates that are reasonable in the circumstances.

# **Auditor's Responsibility**

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with International Standards on Auditing (ISA). Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance whether the financial statements are free from material misstatement. An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion. In our opinion, the financial statements prepared in accordance with International Financial Reporting Standards (IFRS), give a true and fair view of the state of the company's affairs as at June 30, 2018 and of the results of its operations and its cash flows for the year then ended and comply with the Bangladesh Securities and Exchange Rules 1987, the companies Act 1994 and other applicable laws and regulations. However, compliance and documentation process need be strengthened further. Despite of increasing of revenue, the company has suffered loss due to increase of cost of raw jute and decrease of selling price of yarn as well.

# We also report that:

- (i) We have obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit and made due verification thereof;
- (ii) In our opinion, proper books of account as required by law have been kept by the company so far as it appeared from our examination of those books;
- (iii) The Company's Statement of Financial Position and Statement of Profit or Loss and Other Comprehensive Income and its Statements of Cash Flows dealt with by the report are in agreement with the books of account;
- (iv) The expenditure incurred was for the purpose of the company's business.

# 2.5 Responsibility for Preparation and Presentation of Financial Statements:

The Management is responsible for preparation and presentation of Financial Statements under section 183 of the Company Act. 1994 and as per the provision of "The Framework for The Preparation and Presentation of Financial Statements" issued by the International Accounting Standards Committee (IASC).

### 2.6 Reporting Currency and Level of Precision:

The Financial Statements are prepared and presented in Bangladesh Currency (Taka), which is the company's functional currency. All financial information has been presented rounded off to the nearest Taka except where indicated otherwise.

# 2.7 Comparative Information:

Comparative Information has been disclosed in respect of the year 2018 for all numerical information in the Financial Statements and also the narrative and descriptive information when it is relevant for understanding of the current period Financial Statements.

The figure of the year 2017 has been re-arranged whenever considered necessary to ensure comparatively with the current period.

# 3. Significant Accounting Policies:

# 3.1 Recognition of Fixed Assets & Depreciation:

Fixed Assets are stated at their cost less accumulated depreciation in accordance with IAS 16 "Property Plant and Equipment". The cost represents cost of acquisition of construction and revaluation. After recognition as an asset, an item of Property, Plant and Equipment carried at its cost less any accumulated depreciation and any accumulated impairment losses. Depreciation on all other Property, Plant, and Equipments are computed using the reducing balance method in amounts sufficient to write off depreciable assets over their estimated useful economic lives. The cost and accumulated depreciation of depreciable assets retired or otherwise disposed off are eliminated from the assets and accumulated depreciation and any gain or loss on such is reflected in operations for the year. Depreciation is charged from the month of acquisition and no depreciation has been provided on its disposal.

# The annual depreciation rates applicable to the principal categories are:

Building	5%
Godown	5%
Plant & Machinery	10%
Office Equipment	15%
Vehicles	20%
Forklift	20%
Electric Installation	15%
Generator	15%
Furniture & Fixture	15%
Sundry Assets	15%

### **Maintenance activities:**

The Company incurs maintenance costs for all major items of Fixed Assets. Repair and Maintenance costs are charged as expenses when incurred.

পিনাকী এন্ড কোম্পানী PINAKI & COMPANY

### **Subsequent Expenditure:**

The company recognizes in the carrying amount of an item of Fixed Assets the cost of replacing part of such an item when that cost is incurred, it is probable that the future economic benefits embodied with the item will flow to the company and the cost of the item can be measured reliably. Expenditure incurred after the Assets have been put into operation, such as repairs and maintenance is normally charged off as revenue expenditure in the period in which it is incurred. In situations where it can be clearly demonstrated that the expenditure has resulted in an increase in the future economic benefit expected to be obtained from the use of the Fixed Assets, the expenditure is capitalized as an additional cost of the Assets. All other costs are recognized in the statement of comprehensive income as expenses if incurred. All up-gradation/enhancement are generally charged off as revenue expenditure unless they bring similar significant additional benefits.

### **Disposal of Fixed Assets:**

On disposal of Fixed Assets, the cost and accumulated depreciation are eliminated and gain or loss on such disposal is reflected in the statement of comprehensive income, which is determined with reference to the net book value of the assets and net sales proceeds.

### 3.2 Inventories:

Inventories comprise Raw Materials, Packing Materials, Work in Process, Finished Goods and Stock of Stationery and Spares and Accessories. They are stared at the lower of cost and net realizable value in accordance with IAS -2 "Inventories". The cost of inventories is assigned by using Weighted Average Cost formula. The cost of inventories comprises of expenditure incurred in the normal course of business in bringing the inventories to their present location and condition. Net realizable value is based on estimated selling price less any further costs expected to be incurred to make the sale. The physical stocks counting for verify the closing socks of inventories were carried out by internal audit team of the company.

### 3.3 Financial Instruments:

A Financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

### **Financial Assets:**

Financial Assets of the company include cash and cash equivalents, accounts receivable and other receivables. The company initially recognizes receivable on the date they are originated. All other financial assets are recognized initially on the date at which the company becomes a party to the contractual rights or probabilities of receiving the cash flows from the assets expire or it transfers the rights to receive the contractual cash flows on the financial asset in a transaction in which substantially all the risk and rewards of ownership of the financial assets are transferred.

### **Accounts Receivable:**

Accounts receivable are created at original invoice amount less any provisions for doubtful debts. Provisions are made where there is evidence of a risk of non-payment, taking into account ageing, provision experience and general economic conditions. When an account receivable is determined to be uncollectible, it is written off, firstly against any provision available and then to the statement of comprehensive income. Subsequent recoveries of amounts previously provided for are credited to the statement of comprehensive income.

### **Advances and Deposits:**

Advances are initially measured at cost. After initial recognition, advances are carried at cost less deductions, adjustments or charges to other account heads. Deposits are measured at payment value.

পিনাকী এন্ড কোম্পানী PINAKI & COMPANY

### **Cash and Cash Equivalent:**

According to IAS 7 "Cash Flow Statement" and IAS 1 "presentation of financial Statement" Cash and Cash equivalents are carried in the financial position at cost and included cash in hand and with banks on current and deposit accounts, which are held and available for use by the company without any restriction. There is insignificant risk of change in value of the same.

# 3.4 Impairment:

### **Financial Assets:**

Accounts receivable and other receivables are assessed at each reporting date to determine whether there is any objective evidence of impairment. A financial asset is impaired if objective evidence indicates that a loss event has occurred after the initial recognition of the asset and that the loss event had a negative effect on the estimated future cash flows of that asset, that can be estimated reliably. Objective evidence that financial assets are impaired can include default or delinquency by a debtor, indications that a debtor or issuer will enter bankruptcy etc.

### **Non-financial Assets:**

As asset is impaired when an asset's carrying amount exceeds its recoverable amount. The company assesses at each reporting date whether there is any indication that as asset may be impaired. If any such indication exists, the company estimated the recoverable amount of the asset. The recoverable amount of an asset is the higher of its fair value less costs to sell and its value in use. Carrying amount of the asset is less than its carrying amount. Impairment loss is recognized immediately in profit or loss, unless the asset is carried at revalued amount. Any impairment loss of a revalued asset shall be treated as a revaluation decrease.

### 3.5 Financial Liability:

Financial liabilities are recognized initially on the transaction date at which the company becomes a party to the contractual provisions of the liability. The company derecognizes a financial liability when its contractual obligations are discharged or cancelled or expire.

Financial liabilities include payable for expenses, liability for capital expenditure and other current liabilities.

### 3.6 Creditors and Accruals:

Liabilities are recognized for amounts to be paid in the future for goods and services received, whether or not billed by the supplier.

### 3.7 Provision:

A provision is recognized in the statement of financial position when the company has legal or constructive obligation as a result of a past event, it is probable that an outflow of economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. Provision is ordinarily measured at the best estimate of the expenditure required to settle the present obligation at the date of statement of financial position. Where the effect of time value of money is material, the amount of provision is measured at the present value of the expenditure expected to be required to settle the obligation.

# 3.8 Revenue Recognition:

The company recognized revenue when risk of ownership has been transferred to the buyer, which satisfied all the condition for the revenue recognition as provided in IFRS 15 "Revenue from Contracts with Customers".

পিনাকী এন্ড কোম্পানী PINAKI & COMPANY

# Accounting for Government Grants (cash subsidy) and disclosure of Government Assistance:

A Government Grant (cash subsidy) that becomes receivable as compensation for expenses or losses already incurred or for the purpose of giving immediate financial support to the entity with no future related cost, is recognized in profit and loss on accrual basis.

# 3.9 Income Tax Expense:

### **Current Tax:**

Provision for current year income tax has been made higher one among @ 10% as prescribe in the SRO No. 207-Legal/Income Tax/2016 dated 29.06.16 on the accounting profit by the company, Turn over Tax or AIT deducted at sources.

### **Deferred Tax:**

The Company has adopted deferred tax accounting policy as per International Accounting Standard (IAS) 12. Accordingly deferred tax liability/asset is accounted for all temporary timing differences arising between the tax base of the assets and liabilities and their carrying value for financial reporting purpose. Deferred tax is computed at the prevailing tax rate as per Finance Act 2015.

### 3.10 Borrowing Costs:

This has been dealt with the requirements of IAS 23: Borrowing Costs. Borrowing costs relating to projects in commercial operation are recognized as expenses in the year in which they are incurred. In respect of projects that have not yet commercial production, borrowing costs are debited to capital work in progress.

### 3.11 Employee Benefits:

The company's employee benefits include the following:

# **Short-term employee benefits:**

Short-term employee benefits include salary, bonuses etc. Obligations for such benefits are measured on an undiscounted basis and are expensed as the related service is provided.

# **Contribution to Workers' Participation/Welfare Funds:**

This represents 5% of net profit before tax to be contributed by the Company as per provisions of Bangladesh Labour Law, 2006 and is payable to workers as defined in the said law.

# 3.12 Proposed Dividend:

The amount of proposed dividend is not accounted for but disclosed in the notes to the account along with dividend per share in accordance with the requirements of the Para 125 of International Accounting Standards (IAS) 1: Presentation of Financial Statements. Also, the proposed dividend has not been considered as "Liability" in accordance with the requirements of the Para 12 & 13 of International Accounting Standards (IAS) 10: Events after the Reporting Period, because no obligation exited at the time of approval of the accounts and recommendation of dividend by the Board of Directors.

The Board Proposed no dividend for the year ended 30th June, 2018.

পিনাকী এন্ড কোম্পানী PINAKI & COMPANY

### 3.13 Earning Per Share (EPS):

This has been calculated in compliance with the requirements of IAS-33: "Earnings Per Share" by dividing the basic earnings by the weighted average number of ordinary shares outstanding during the year.

### **Basic Earnings:**

This represents earning for the year attributable to ordinary share holders. As there was no preference dividend minority interest on extra ordinary items, the net profit after tax for the year has been considered as fully attributable to the ordinary share holders.

### **Basic Earnings Per Share:**

This has been calculated by dividing the basic earnings by the number of ordinary shares issued by the company.

### **Diluted Earnings Per Share:**

No diluted Earnings per Share (EPS) is required to be calculated for the year as there was no scope for dilution during the year under review.

### 3.14 Cash Flow Statement:

Cash Flow Statement is prepared principally in accordance with IAS 7 "Cash Flow Statement". The cash generated from operating activities have been reported using the direct method as prescribed by the Security and Exchange Rule 1987 and as encouraged by IAS 7 whereby major classes of gross cash receipts and gross cash payments from operating activities are disclosed.

### 3.15 Foreign Currency Translation:

Translations in foreign currencies are converted into Bangladesh Taka at the exchange rate prevailing on the date of transaction in accordance with provision of IAS 21 "the effect of changes in foreign currency rate"

### 3.16 Use of Estimates and:

The preparation of financial statements in conformity with IFRSs/IASs requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of Assets, Liabilities, Income and Expenses, and disclosure requirements for contingent Assets and Liabilities during and at the date of the Financial Statements.

Actual results may differ from these estimates. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions of accounting estimates are recognized in the period in which the estimates are recognized in the period in which the estimate is revised and in any future periods affected as required by IAS 8: Accounting Policies, Changes in Accounting estimates and Errors.

### 3.17 IAS 10" Event After the Reporting Period":

There is no information/transaction of such importance, non-disclosure of which would affect the availability to the user of the Financial Statements to make a proper evaluation and decision except the following:

The Mercantile Bank Limited, Kawran Bazar Br. had enhanced Short Term Loan from 25.00 Crore to 35.00 Crore for financing the working Capital needs.

### 3.18 Transaction with Related Parties:

The company has carried on transaction with related parties in the normal course of Business.

পিনাকী এন্ড কোম্পানী PINAKI & COMPANY

### 3.19 Financial risk management:

The Company management has overall responsibility for the establishment and oversight of the company's risk management framework. Risk management policies, procedures and systems are reviewed regularly to reflect changes in market condition and the company's activities. The company has exposure to the following risks from its use of financial instruments.

- ◆ Credit risk
- ◆ Liquidity risk
- ◆ Market risk
- ◆ Operational risk

### **Credit risk:**

Credit risk is the risk of a financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations and arises principally from the company's receivables. Management has a credit policy in place and exposure to credit risk is monitored on an ongoing basis. Risk exposures from other Financial Assets, i.e. Cash at Bank and other external receivables are nominal.

### **Liquidity risk:**

Liquidity risk is the risk that the company will not be able to meet its financial obligations as they fall due. The company's approach to managing liquidity (cash and cash equivalents) is to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the company's reputation. Typically, the company ensures that it has sufficient cash and cash equivalents to meet expected operational expenses, including financial obligations through preparation of the cash flow forecast, prepared based on time line of payment of the financial obligation and accordingly arrange for sufficient liquidity/fund to make the expected payment within due date.

In extreme stressed conditions, the company may get support from the related company in the form of short terms financing.

### Market risk:

Market risk is the risk that any change in market prices such as foreign exchange rates and interest will affect the company's income or the value of its holdings of financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters.

### (a) Currency risk:

The company is exposed to currency risk on revenues such as revenue from foreign customers. Majority of the company's foreign currency transactions are denominated in USD and relate to export.

### (b) Interest rate risk:

Interest rate risk is the risk that arises due to changes in interest rates on borrowing. There was no foreign currency loan which is subject to floating rates of interest. Local loans are, however, not significantly affected by fluctuations in interest rates. The company has not entered into any type of derivative instrument in order to hedge interest rate risk as at the reporting date.

### **Operational risk**

A form of risk that summarizes the risks a company or firm undertakes when it attempts to operate within a given field or industry. Operational risk is the risk that is not inherent in financial, systematic or market-wide risk. It is the risk remaining after determining financing and systematic risk, and includes risks resulting from breakdowns in internal procedures, people and systems. The Operational Risk Management (ORM) of the company involves a continual cyclic process which includes risk assessment, risk decision making, and implementation of risk controls, which results in acceptance, mitigation, or avoidance of risk.

Revaluation Reserve Balance (As on 30-06-2018)	214,508,543	215,270,430

First revaluation of the property at factory office of the company carried out in 2003 by Independent valuer named "Asian Surveyors Ltd." 128, Dilkusha C/A. Further in 2014 The Company in its 123rd Board meeting dated 23rd June, 2014 decided to revaluation of its project land to reflect true picture in the Financial Statements of the company as on 30 June, 2014. The Company engaged an Independent valuer named "Ahmed & Akhtar" Chartered Accountants to carry out the inspection and examination of the project land located at the Factory premises. Subsequently the company appointed "Ahmed & Akhtar" Chartered Accountants for the purpose of Valuation of the Company's Land situated at the Factory premises-BSCIC industrial Estate, Kushtia, Bangladesh as on 30 June 2014. The management of the company in its 124th Board meeting held on 22nd July, 2014 approve the valuation report.

Methodology Adopted for Revaluation of Factory Land in 2014: The Methodology adopted for revaluation of the land has involved two steps. The first step was adopted for physical verification of the land and the second step was for ascertainment of current realizable values, at which the assets should appear in the Balance Sheet as at 30 June, 2014. For the purpose of revaluation of land, the valuer consulted with the district Sub-Registrar Office, BSCIC and the different level of beneficiary in the above area where the land located.

### The revalued amount of the land stands at Tk. 203,053,500 as on 30 June 2014 is as follows:

	Location of the Land	Land Area	Book Value as on 30 June, 2014 (Tk.)	Market Value as on 30 June, 2014 as per revaluation (Tk.)	Revaluation Surplus (Tk.)
	BSCIC Industrial Estate Kumargara, Kustia	312.39	42,876,240	203,053,500	160,177,260

# 32.00 Special Disclosure regarding business loss:

Due to climate change, flood and other causes, the production of raw jute was reduced during the year. As a result, the company had to buy raw jute at higher rate as indicated below:

Particulars	2017-2018 (BDT per kg)	2016-2017 (BDT per kg)
Tossa Loose Jute	1,930	1,630

Besides the above factors, cost of production was also increased due to higher power cost for using diesel generator.

In contrast, international jute market had also been affected due to recession, economic factors, unrest political situation in middle east, trade war between USA and China, trade battles among USA, Canada, Mexico, EU, Japan, Russia as well as India, more importantly deflation of Indian currency. For these reasons, selling price of yarn had also been decreased as indicated below:

Particulars	2017-2018 (BDT per M.Ton)	2016-2017 (BDT per M.Ton)
14 LBS/2PLY Hessian Quality	51,000	86,087
8 LBS/ 1PLY CB Batch	92,070	102,158
16 LBS Multipe Folded 2 Fold	70,727	74,448

Finally, the company had suffered loss in spite of having higher revenue than that of last year.
