Message from Chairman

Dear Shareholders,

I would like to take this opportunity to welcome you all, on behalf of the members of the Board of Directors of the Northern Jute Manufacturing Company Limited in its 40th Annual General Meeting and to present the Annual Report for the Year Ended 30th June, 2020.

Despite of various industrial and economic challenges such as high inflation rate, fluctuation of raw jute prices, infrastructural deficiencies, various global activities, instability of yarn/twine price and more importantly, COVID-19, felt the whole jute sector in uncertainty. Yet in this critical situation, the company achieved considerable level of growth in production and revenues due to the sound and prudent management effort. Beginning with excellent progress, as our revenue has been settled around 40.00 crore in first 6 months, but we couldn't continue it last 6 month as our factory was completely closed for almost 3 months for pandemic COVID-19. Truly it's a disastrous situation and no doubt it's an economic tsunami beyond our control. As I believe the coming year promises to be an ever-changing environment for this sector as we try to regain our footing amidst continued volatility in costs and policy decisions.

Though revenue has been decreased slightly but there was a negative growth of Net Profit by 51.37% in the year 2019-20 compared with previous year. This is why cost of Raw Jute gradually increased by 20% -25% over the year. We are taking various diversification plans aiming to reach the untapped market. Maximizing Shareholder's benefits will be our prime focus like before and hope it will be continuing in coming days. Our efficient management and skilled labors are the backbone of the company. We are confident about our ability and team spirit. I am confident to able continuous support from our shareholders, employees and other stakeholders, we would also be able to develop our company to greater heights in the coming year.

On behalf of the Board of Directors and myself, I would like to thank all our Shareholders and members of the Board for their unstinted support. I thankfully acknowledge the support and guidance from the regulatory bodies. I wish to place on record my appreciation to the employees and workers, Banks and other Govt. & Non Govt. agencies for their commitment, dedication and hard working and support.

Lastly and most importantly, I acknowledge with gratitude, the sincere support and trust of the buyers and financial partners who are constituted the strength of the Company and source of inspiration. We look towards the future with the confidence of running the business optimally, maximizing the returns to our stakeholders.

We hope that with your continuous support the Company shall be able to carry on its journey to progress in the years ahead.

Thank You,

A handwritten signature in black ink, appearing to read 'Uzzal'.

Uzzal Kumar Nandi
Chairman

Message from Managing Director

Distinguished Shareholders,

Northern Jute Manufacturing Company Ltd is completing its 40th year of incorporation on 17th September, 2020. By this time **Northern Jute Manufacturing Company Ltd** has been able to establish as one of the country's foremost manufactures of 100% export oriented international quality yarn/twin. This distinction comes from its dedication to providing its customers with finest product and services, at the highest quality and on timely delivery. **Northern Jute Manufacturing Company Ltd** asserts its commitment to its customers by producing high quality yarn/twin through embracing contemporary quality principles and practices. These principles has induced an environment that stimulates one as a product innovator, a creator of consistent and reliable high quality comprehensive product.

During this journey, despite several barriers, difficulties and complexities we were focused to our organization goals and the interest of shareholders as well. It's not possible to be successful to achieve the goals without the special gift of creativity, without the courage and determination needed to deal with obstacles and difficulties, and confidence in being able to overcome.

Being one of the biggest export earner of Bangladesh, the jute Industry plays a vital role for the economy. The future prospect of the jute industry in Bangladesh is very positive. Though the jute industries have been going through struggles during the last couple of years due to high price of raw jute which have been increasing the cost of production of yarns but the sound and prudent effort of the management helped the company achieve considerable level of Production and Sales after considering the economic disaster by COVID-19.

By the grace of the Almighty, management integrity and professionalism, relentless effort of our team, sustainable implementation of our policies, continuous monitoring, we were able to keep the wheel moving towards a normative leverage.

In conclusion, I would like to express my deepest appreciation to the company's shareholders for their trust and enduring support to the Board of Directors to operate the Company. I would also like to sincerely thank the Banks, Financial and Regulatory Agencies, Suppliers and Customers, various people we have interacted with in course of business, management staff and members of the company at all levels for their loyalty and extensive hard work, and express our hope for prosperity.

We are looking forward to better days ahead!

Ananga Mohan Roy
Managing Director

Directors' Report
Northern Jute Manufacturing Company Ltd
For the year ended 30th June, 2020

Dear Shareholders:

On behalf of the Board of Directors and Management of Northern Jute Manufacturing Company Limited, I welcome you to the 40th Annual General Meeting of the Company. I have the pleasure to enclose herewith the Directors' Report together with the Audited Financial Statements of the Company for the year ended June 30, 2020 along with the Auditors' Report thereon. These were approved by the Board of Directors on 28th October, 2020 which has been prepared in compliance with section 184 of the Companies Act, 1994 and Bangladesh Securities and Exchange Commission's Notification No. SEC/CMRRCD/2006-158/207/Admin/80 dated 3rd June, 2018 and other applicable laws.

Industry outlook and future prospects

The Jute industry has played an important role in the national economy at different times despite facing several problems. The jute sector contributes 0.26 percent to GDP and 1.4 percent to agriculture GDP. In the 2017-18 fiscal year, Bangladesh earned the US\$ 1.02 billion from this sector, though in the fiscal year 2018-19, the export earnings were US\$ 816.3 million. Again, Export earnings from jute and jute products increased by 8.10 percent to the US\$ 882.35 million in the fiscal year 2019-20. Even in the corona-epidemic, the jute sector has demonstrated positive growth compared to other export sectors throughout the fiscal.

Jute—once a vibrant industry, has lost much of its shine today. Still the sector provides direct & indirect employment to about 5 million people. Many private jute mills are making profits with lower production capacity than government mills by diversifying their products. According to several market research, the global market of bags alone will be US\$ 3.1 billion by 2024. Since the world's best jute is produced in Bangladesh, it is possible to go a long way.

Global Economy Overview

The IMF predicted that the global economy would grow by 3.0 per cent this year down from 3.6 per cent the previous year (2018). It also predicted that global economy would achieve a growth rate of 3.4 per cent in 2020. This estimation has been placed before COVID-19. COVID-19 has triggered the deepest global recession in decades. While the ultimate outcome is still uncertain, the pandemic will result in contractions across the vast majority of emerging market and developing economies. Growth forecasts for all regions have been severely downgraded. Many countries have avoided more adverse outcomes through sizable fiscal and monetary policy support. Despite these measures, per capita incomes in all regions are expected to go down in 2020, likely causing many millions to fall back into poverty.

Bangladesh Economy Overview

Bangladesh recorded one of the fastest growth rates in the world in the past few years with a stable economic performance that has helped to reduce poverty and social inequalities. Though GDP growth was estimated to have reached 7.9% in 2019-20 but actual GDP growth rate was 5.4% due to the outbreak of the COVID-19 and expected to pick up to 9.5% in 2021, according to the updated IMF forecasts. The post-pandemic global economic recovery and the private consumption boosted by strong remittance flows from the Bangladeshi diaspora around the world are expected to be the key drivers of growth in 2021.

The state of the Company's affairs

Northern Jute Manufacturing Company Limited is a Public Limited Company. The Company was listed with Dhaka Stock Exchange Limited in 1994. Northern Jute Manufacturing Company Limited was set up with 700 spindles on 3.12 acres of land at BSCIC Industrial Estate, Kumargara, Kushtia with the production capacity of 1,928 M Tons based on three shifts per day of 8 hours each of 300 working days in a year in the year 1982.

Over the periods, the capacity extended by almost 5 times from initial capacity. Company's core focus area is product development through research and innovation and its effort is to produce diverse range of yarn/twin to compete in the higher value added market segment. As a part of continuous expansion program for sustainable business and for linking backward integration, the Company's existing production capacity of 9,200 MT per annum.

Production Capacity verses actual Production for last four years in operation :

Description	2019-20	2018-19	2017-18	2016-17
Production Capacity (In M.Ton.)	9,200.00	9,200.00	9,200.00	7,200.00
Actual Production (In M.Ton.)	6,980.86	7,757.88	7,987.62	5,921.64
Capacity utilized	75.87%	84.32%	86.82%	82.25%

Risks and Concerns

The term risk refers to the possibility of inadequate profits or even losses due to uncertainties, e.g., changes in tastes, preferences of consumers, strikes, insufficient supply of raw materials etc. The Major Risk associated with the Jute Industries are:

- Insufficient supply of good quality seed;
- Lack of awareness among jute farmer regarding best post harvest technology and how practice affected prices;
- Low mills productivity in terms of machinery;
- Lack of skill labor;
- Interest rate risk;
- Exchange rate risk ; Offset
- Lack of market linkages;
- Unfavorable market price;
- Price volatility;
- Weak bargaining power with the foreign buyers;
- Multiple intermediary levels;
- Govt. procurement policy; etc

The Management of the Company continuously developing their management, marketing and operational strategies to overcome the above challenges.

Operational performance

Capacity/ Production

In this year 2019-20, Northern Jute Mfg. Co. Ltd isn't producing steady quantity as previous year resulted as COVID-19 has devastating impact on the production. Now the mill is running on a 3 shift basis. Total production capacity of Northern Jute Manufacturing Co. Ltd. is 9,200 (M.T) where as during this year the production was 6,980.86 (M.T). It is 75.87% of total production capacity.

Product wise performance

Northern Jute manufacturing company limited manufacture Jute Yarn and Twine only.Total sales during the year was 6,935.50 M.Ton.

Cost of production

The average cost of production per M.Ton has been increased as compared to the last year. Cost of raw jute was higher than previous year as in the wake of less than expected harvest of raw jute this season due to late cultivation and flooding.Total cost of production during the year is Tk. 44,40,90,342 .

Sales performance

Status of sales is being decreased as expected as resulted of 2 months lockdown period for Covid 19 .Total sales during the year ended 30 June, 2020 was Tk. 54,91,03,219 against Tk. 56,42,19,402 in 2018-19.

Capital expenditures

The company made additional capital expenditure of Tk. 38.20 million to further development of its storage facilities for raw jute, work in progress and jute yarn.This will enable the company to procure raw jute in rainy season at a reasonable price and store the raw jute properly. At the same time, work in progress and finished jute material can also be stored in well condition.

Foreign Exchange Earned

The Company contributed substantially to the Foreign Exchange Reserve of the Country during the reporting year through its export marketing operation.Total Export earning during 2019-2020 was \$ 65,63,912.00.

Highlights of Financial Performance in 2019-20

The Company's before and after tax profit for the year 2019-20 are 32.58 million and 24.26 million compared to Tk 60.28 million and Tk 49.90 million respectively in the previous year.

The financial result is summarized below

Particulars	2019-20 (Tk.)	2018-19 (Tk.)
Revenue	549,103,219	564,219,402
Cost of Goods Sold	405,653,118	400,165,992
Gross Profit/(Loss)	143,450,101	164,053,410
Operating Expenses	115,168,452	106,432,139
Operating Profit/(Loss)	28,281,648	57,621,272
Other Income	4,299,921	2,667,245
Net Profit/(Loss) before provision	32,581,569	60,288,517
Net Profit / (Loss) after provision	24,263,602	49,895,771
Earning Per Share (EPS)	11.33	23.29

Significant events relating to financial operating results

Gross Profit in the year 2019-20 is decreased due to COVID 19. Due to COVID 19 the factory was completely closed for almost 3 months. Moreover, the availability of raw jute in the local market was not adequate to the demand during this year. Purchase price of raw jute was higher than the previous year. As a result, cost of finished goods went upper. So that, net profit has been decreased compared to the previous year.

Appointment of Auditors:

In 39th Annual general Meeting, shareholders appointed M/s. Malek Siddique Wali & Company, Chartered Accountants, as the external auditors for the auditing financial statements of the Company for the year ended 30th June, 2020 until the conclusion of 40th Annual General Meeting.

Corporate Social Responsibility:

Northern Jute Manufacturing Company Ltd is trying to maintain adequate transparency, quality of product and proper corporate governance. We believe that our business objectives are not only to maximize the profitability but also address the needs of the society. From this view of point, we extend our help to local Mosque and social organizations in Kushtia where our Factory located. We always try our level best to contribute financial help to the meritorious Children of our Employees for their education and medical needs.

Corporate governance:

Corporate governance is key to its sustenance. Good Corporate Governance is key to successful sustenance. Our Corporate Governance is as follows:

Board of Directors

In line with the concept of good corporate management practice and the provisions of the Articles of Association, The Board of Directors, the top Management tier is responsible for overall control and supervision of the entire affairs of the Company primarily through strategic planning & budgetary control mechanisms. To this end, The Board of Directors holds periodic meetings to resolve issues of policies and strategies, correctly recording the minutes/ implementation of the decisions taken by the Executive Management. During the year under review the board held 4 (Four) meetings to transact various agendas.

The Board of Directors is reconstituted every year by the shareholders through retirement /re-election/ election of its members.

Separate role of the Chairman and Managing Director

The positions of Chairman and Managing Director are held separate persons. The Chairman is responsible for the functions of the Board & time worthy vigorous policy making while the Managing Director serves as the Chief Executive of the Company looking after the activities/performances of the workforce time to time visiting the Factory.

Audit Committee of Board

In line with BSEC guidelines for ensuring good governance practices, a three member audit committee was formed where an Independent Director acts as Chairman of the committee. All the members of the Audit Committee are Non-executive Directors. The audit committee of the Board held 4 (four) Meetings during the year.

Communication with the Shareholders

The Shareholders as owners of the Company are required to be provided with material information on the Company's operation quarterly, half-yearly and annually. They have also provided routine services by the Company Secretary in any company matters which is permissible. The Board is however responsible to the Shareholders as well as investors for publication of price sensitive information as per regulations of Bangladesh Securities and Exchange Commission. The Company has also a website to provide permissible information/notices/price sensitive information/financial reports/disclosures and others for the Shareholders and interested investors.

Statement of Corporate Governance

Corporate governance is the system by which companies are directed and controlled by the management in the best interest of all stakeholders, thereby ensuring greater transparency and better and timely financial reporting.

The Board of Directors are responsible for proper governance which includes setting out the Company's strategic aims, providing the necessary leadership to implement such aims, supervising the management of the business and reporting to the shareholders on their stewardships.

Northern Jute is committed to continually reviewing all corporate governance policies and practices to ensure the ongoing transparency of the company's practices and the delivery of high standards and quality information to stakeholders.

The maintenance of effective corporate governance remains a key priority of the Board of Northern Jute Mfg. Co. Ltd.

Northern Jute considers that its corporate governance practices comply with all the aspects of the BSEC notification No. SEC/CMRRCD/2006-158/207/admin/80 dated 3rd June, 2018 are depicted/disclosed in the Annexure-I, II, III, and IV respectively.

Management appreciation:

The Board of Directors firmly believes that NJMCL has the necessary strengths, resources and commitments to further propel the Company to newer heights. The performance of the Company during the period under review, even with so many challenges confronted, demonstrates the resolve and determination of the Board and the employees in the Company. In this occasion, the Board expresses on record their appreciation to the shareowners, suppliers, customers, bankers, media and all other well-wishers for their support and patronage to bring the company to this level. We value their continued support to fulfill our mission to improve the lives of people. Finally, and most importantly, we, on behalf of the Board of Directors thank the employees of NJMCL in factory and office for their untiring efforts. They have worked hard, against all odds, uncertainties and adversities and built a stronger NJMCL that can create a greater positive impact on the quality of life of the people.

Once again thank you all.

On behalf of the Board of Directors,

(Uzzal Kumar Nandi)

Chairman

Annexure-V
[As per condition No. 1(5)(xxvi)]
Declaration by CEO and CFO

Date: 28.10.2020

The Board of Directors

Northern Jute Manufacturing Company Ltd

Subject: Declaration on Financial Statements for the year ended 30th June, 2019

Dear Sirs,

Pursuant to the condition No. 1(5)(xxvi) imposed vide the Commission's Notification No. BSEC/CMRRCD/2006-158/207/Admin/80, dated 3rd June, 2018 under section 2CC of the Securities and Exchange Ordinance, 1969, we do hereby declare that:

(1) The Financial Statements of Northern Jute Manufacturing Company Limited for the year ended 30th June, 2020 have been prepared in compliance with International Accounting Standards (IAS) or International Financial Reporting Standards (IFRS), as applicable in the Bangladesh and any departure there from has been adequately disclosed;

(2) The estimates and judgments related to the financial statements were made on a prudent and reasonable basis, in order for the financial statements to reveal a true and fair view;

(3) The form and substance of transactions and the Company's state of affairs have been reasonably and fairly presented in its financial statements;

(4) To ensure above, the Company has taken proper and adequate care in installing a system of internal control and maintenance of accounting records;

(5) Our internal auditors have conducted periodic audits to provide reasonable assurance that the established policies and procedures of the Company were consistently followed; and

(6) The management's use of the going concern basis of accounting in preparing the financial statements is appropriate and there exists no material uncertainty related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern.

In this regard, we also certify that:-

(i) We have reviewed the financial statements for the year ended on 30.06.19 and that to the best of our knowledge and belief:

(a) These statements do not contain any materially untrue statement or omit any material fact or contain statements that might be misleading;

(b) These statements collectively present true and fair view of the Company's affairs and are in compliance with existing accounting standards and applicable laws.

(ii) There are, to the best of knowledge and belief, no transactions entered into by the Company during the year which are fraudulent, illegal or in violation of the code of conduct for the company's Board of Directors or its member.

Sincerely yours,

Ananga Mohan Roy
Chief Executive Officer (CEO)

Ujjal Kanti Dhar
Chief Financial Officer (CFO)

Certificate of Compliance to the Shareholders

CERTIFICATE ON COMPLIANCE OF CORPORATE GOVERNANCE GUIDELINES

We have examined the compliance status to the Corporate Governance Code by [Based under condition 4 (15) (a)(vi) of Corporate Governance Code of BSEC vide Notification No. BSEC/CMRRC/D/2006-158/207/Admin/80 dated 03 June, 2018]

We have examined the compliance status to the Corporate Governance Code by "Northern Jute Manufacturing Company Limited" for the year ended on 30 June 2020. This Code relates to the Notification No. BSEC/CMRRC/D/2006-158/207/Admin/80 dated 03 June 2018 of the Bangladesh Securities and Exchange Commission.

Such compliance with the Corporate Governance Code is the responsibility of the Company. Our examination was limited to the procedures and implementation thereof as adopted by the Management in ensuring compliance to the conditions of the Corporate Governance Code.

This is a scrutiny and certification and an independent audit on compliance of the conditions of the Corporate Governance Code as well as the provisions of relevant Bangladesh Secretarial Standards (BSS) as adopted by the Institute of Chartered Secretaries of Bangladesh (ICSB) in so far as these standards are not inconsistent with any condition of this Corporate Governance Code.

We state that we have obtained all the information and explanations, which we have required, and after due scrutiny and verification thereof, we report that, in our opinion:

- (a) The Company has complied with the conditions of the Corporate Governance Code as stipulated in the above mentioned Corporate Governance Code issued by the Commission except as specify in compliance status disclosed;
- (b) The Company has complied with the provisions of the relevant Bangladesh Secretarial Standards (BSS) as adopted by the Institute of Chartered Secretaries of Bangladesh (ICSB) as required by this Code;
- (c) Proper books and records have been kept by company as required under the Companies Act, 1994, the securities laws and other relevant laws; and
- (d) The Governance of the company is satisfactory.

Independent Auditor's Report **To the Shareholders of Northern Jute Manufacturing Company Limited** Report on the Audit of the Financial Statements

Qualified Opinion:

We have audited the financial statements of Northern Jute Manufacturing Company Limited which comprise the financial position as at June 30, 2020, the Statement of Profit or Loss and Other Comprehensive Income, Statement of Changes in Equity for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion, except the effect described in the Basis for Qualified Opinion paragraph the financial statements present fairly, in all material respects, of the financial position of the Company as at June 30, 2020, and its financial performance and its cash flows for the year then ended in accordance with International Financial Reporting Standards (IFRSs), the company act 1994, the Security and Exchange Rules 1987 and other applicable law and regulations.

Basis for Qualified Opinion

1. As per paragraph 234(b) of Bangladesh Labour Act 2006 Company should pay Workers Profit Participation Fund within nine month after the year end. But management didn't pay WPPF to the members of the fund, which is violation of the Bangladesh Labour Act 2006.

2. According to our calculation deferred tax liability will be 6,523,925 so the deferred tax liability and deferred tax expenses understated by 1,209,733. But we could not able to confirm opening balance of deferred tax liability due to shortage of documents.

As per Paragraph 64 of IAS 12, Income Taxes entity should transfer excess depreciation net of deferred tax on revalued amount, from revaluation surplus to equity after considering deferred tax. But entity transferred excess depreciation from revaluation surplus to equity without considering deferred tax and no deferred tax was maintained in respect of revaluation surplus. So deferred tax liability understated and equity overstated by same amount.

3. Company constructed four dormitories with total area of sixteen thousand square feet and cost of total construction is taka 88,780,594 (taka 5,549 per square feet). According to the nature & area of the structure this amount of construction is not justifiable. Furthermore we observed that no depreciation was charged on this addition, so depreciation expenses are undercharged by 369,919 and profit overstated by same amount.

4. Capital Work - in - Progress balance at the yearend stood of taka 38,291,367 which is 4% of total asset and material to the financial statements. We could not physically verify the nature and type of Capital Work - in - Progress.

We conducted our audit in accordance with International Standards on Auditing (ISAs). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants (IESBA Code), and we have fulfilled our other ethical responsibilities in accordance with the IESBA Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our Qualified Opinion.

Emphasis of Matter Paragraph

1. During our audit we have not been provided the third party confirmation in relation to the loan balances, bank balances. So we were not able to confirm the loan and bank balance.

2. In reference to the BSEC directive no. SEC/CMRRCD/2009-193/120/Admin/35, dated December 07, 2011, the directors of the listed security must hold jointly 30% of paid up capital. But the directors of the company just hold 15.09% paid-up capital.

Key Audit Matters

Risk	Our response
Revenue recognition	
<p>At the year ended, the company's reported total revenue of Tk. 549,103,219</p> <p>Revenue is measured net of trade discount and VAT. Time of revenue recognition is matter. The revenue may overstated for the early recognition of revenue to achieve the desire result.</p>	<p>We have tested the design and operating effectiveness of key controls focusing on the following:</p> <ul style="list-style-type: none"> ■ Policy of revenue recognition: ■ Issuance of VAT challan; ■ Segregation of duties in invoice creation and modification; and ■ Timing of revenue recognition. ■ Our substantive procedures in relation to the revenue recognition comprises the following: <ul style="list-style-type: none"> ■ Obtaining supporting documentation for sales transactions recorded either side of year end as well as credit notes issued after the year end date to determine whether revenue was recognized in the correct period; ■ VAT is correctly dealt with; ■ Critically assessing manual journals posted to revenue to identify unusual or irregular items; and ■ Finally assessed the appropriateness and presentation of disclosures against relevant accounting Standards.
Please see the note 20 in this financial statements.	
Valuation of inventory	
<p>The balance of inventory of the Company at the year-end was Tk. 197,718,652 held in the company's warehouse.</p> <p>Inventories are carried at the lower of cost and net realizable value. As a result, the Directors apply judgment in determining the appropriate values for slow-moving or obsolete items.</p>	<p>We challenged the appropriateness of management's assumptions applied in calculating the value of the inventory and related provisions by:</p> <ul style="list-style-type: none"> ■ evaluating the design and implementation of key inventory controls operating across the Company in respect of inventory management; ■ to attend the physical inventory counts and reconciling the count results to the inventory listings to test the completeness of data; ■ to review the inventory costing procedures and methodology. ■ comparing the net realizable value, obtained through a detailed review of sales subsequent to the year-end, to the cost price of a sample of inventories and comparison to the associated provision to assess whether inventory provisions are complete;

Risk	Our response
Please see the note 6 in this financial statements.	
Measurement and recognition of deferred tax	
<p>The balance of reported deferred tax liability of the company was Tk. 5,314,191 as on June 30, 2020.</p> <p>The risk for the financial statements is that these provisions are not properly measured for all types of temporary difference as per IAs 12: Income Tax.</p>	<ul style="list-style-type: none"> ■ We obtained an understanding, evaluated the design and tested the operational effectiveness of the Company's key controls over the recognition and measurement of deferred tax. ■ We have assessed the appropriateness of the carrying amounts of net asset value as per tax base and accounting base. ■ We have also assessed the rate of deferred for each temporary difference. ■ Also, we examined the accounting treatment of deferred tax.
Please see the note 15 in this financial statements.	

Other Information

The other information comprises all of the information in the Annual Report other than the financial statements and our auditor's report thereon. We have not been provided the Director's report and other information contained within the annual report except the financial statements to the date of our auditor's report. We expect to obtain the remaining reports of the Annual report after the date of our auditor's report. Management is responsible for the other information.

In connection with our audit of the financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

Our opinion on the financial statements does not cover other information and we do not express any form of assurance conclusion thereon.

Responsibilities of Management and Those Charged with Governance for the Financial Statements and Internal Controls

Management is responsible for the preparation and fair presentation of the financial statements in accordance with IFRSs as explained, and for such internal control as management determines is necessary to enable the preparation of the financial statements that are free from material misstatement, whether due to fraud or error. The Companies Act, 1994 require the Management to ensure effective internal audit, internal control and risk management functions of the Company.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion.

Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements

As part of an audit in accordance with ISAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Company to express an opinion on the financial statements. We are responsible for the direction, supervision and performance of the company audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on other Legal and Regulatory Requirements

In accordance with the Companies Act 1994 and the Securities and Exchange Rules 1987, we also report the following:

- a) we have obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit and made due verification thereof;
- b) in our opinion, proper books of accounts as required by law have been kept by the Company so far as it appeared from our examination of these books;
- c) the statements of financial position and statement of comprehensive income dealt with by the report are in agreement with the books of accounts and returns; and
- d) the expenditure incurred was for the purposes of the Company's business.

2.5 Responsibility for Preparation and Presentation of Financial Statements:

The Management is responsible for preparation and presentation of Financial Statements under section 183 of the Company Act. 1994 and as per the provision of "The Framework for The Preparation and Presentation of Financial Statements" issued by the International Accounting Standards Committee (IASC).

2.6 Reporting Currency and Level of Precision:

The Financial Statements are prepared and presented in Bangladesh Currency (Taka), which is the company's functional currency. All financial information has been presented rounded off to the nearest Taka except where indicated otherwise.

2.7 Comparative Information:

Comparative Information has been disclosed in respect of the year 2019 for all numerical information in the Financial Statements and also the narrative and descriptive information when it is relevant for understanding of the current period Financial Statements.

The figure of the year 2019 has been re-arranged whenever considered necessary to ensure comparatively with the current period.

3. Significant Accounting Policies:

3.1 Recognition of Fixed Assets & Depreciation:

Fixed Assets are stated at their cost less accumulated depreciation in accordance with IAS 16 "Property Plant and Equipment". The cost represents cost of acquisition of construction and revaluation. After recognition as an asset, an item of Property, Plant and Equipment carried at its cost less any accumulated depreciation and any accumulated impairment losses. Depreciation on all other Property, Plant, and Equipments are computed using the reducing balance method in amounts sufficient to write off depreciable assets over their estimated useful economic lives. The cost and accumulated depreciation of depreciable assets retired or otherwise disposed off are eliminated from the assets and accumulated depreciation and any gain or loss on such is reflected in operations for the year. Depreciation is charged from the month of acquisition and no depreciation has been provided on its disposal.

The annual depreciation rates applicable to the principal categories are:

Building	5%
Godown	5%
Plant & Machinery	10%
Generator	15%
Office Equipment	15%
Vehicles	20%
Forklift	20%
Electric Installation	15%
Furniture & Fixture	15%
Sundry Assets	15%

Maintenance activities:

The Company incurs maintenance costs for all major items of Fixed Assets. Repair and Maintenance costs are charged as expenses when incurred.

Subsequent Expenditure:

The company recognizes in the carrying amount of an item of Fixed Assets the cost of replacing part of such an item when that cost is incurred, it is probable that the future economic benefits embodied with the item will flow to the company and the cost of the item can be measured reliably. Expenditure incurred after the Assets have been put into operation, such as repairs and maintenance is normally charged off as revenue expenditure in the period in which it is incurred. In situations where it can be clearly demonstrated that the expenditure has resulted in an increase in the future economic benefit expected to be obtained from the use of the Fixed Assets, the expenditure is capitalized as an additional cost of the Assets. All other costs are recognized in the statement of comprehensive income as expenses if incurred. All up-gradation/enhancement are generally charged off as revenue expenditure unless they bring similar significant additional benefits.

Disposal of Fixed Assets:

On disposal of Fixed Assets, the cost and accumulated depreciation are eliminated and gain or loss on such disposal is reflected in the statement of comprehensive income, which is determined with reference to the net book value of the assets and net sales proceeds.

3.2 Inventories:

Inventories comprise Raw Materials, Packing Materials, Work in Process, Finished Goods and Stock of Stationery and Spares and Accessories. They are stated at the lower of cost and net realizable value in accordance with IAS -2 "Inventories". The cost of inventories is assigned by using Weighted Average Cost formula. The cost of inventories comprises of expenditure incurred in the normal course of business in bringing the inventories to their present location and condition. Net realizable value is based on estimated selling price less any further costs expected to be incurred to make the sale. The physical stocks counting for verify the closing socks of inventories were carried out by internal audit team of the company.

3.3 Financial Instruments:

A Financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Financial Assets:

Financial Assets of the company include cash and cash equivalents, accounts receivable and other receivables. The company initially recognizes receivable on the date they are originated. All other financial assets are recognized initially on the date at which the company becomes a party to the contractual rights or probabilities of receiving the cash flows from the assets expire or it transfers the rights to receive the contractual cash flows on the financial asset in a transaction in which substantially all the risk and rewards of ownership of the financial assets are transferred.

Accounts Receivable:

Accounts receivable are created at original invoice amount less any provisions for doubtful debts. Provisions are made where there is evidence of a risk of non-payment, taking into account ageing, provision experience and general economic conditions. When an account receivable is determined to be uncollectible, it is written off, firstly against any provision available and then to the statement of comprehensive income. Subsequent recoveries of amounts previously provided for are credited to the statement of comprehensive income.

Advances and Deposits:

Advances are initially measured at cost. After initial recognition, advances are carried at cost less deductions, adjustments or charges to other account heads. Deposits are measured at payment value.

Cash and Cash Equivalent:

According to IAS 7 "Cash Flow Statement" and IAS 1 "presentation of financial Statement" Cash and Cash equivalents are carried in the financial position at cost and included cash in hand and with banks on current and deposit accounts, which are held and available for use by the company without any restriction. There is insignificant risk of change in value of the same.

3.4 Impairment:

Financial Assets:

Accounts receivable and other receivables are assessed at each reporting date to determine whether there is any objective evidence of impairment. A financial asset is impaired if objective evidence indicates that a loss event has occurred after the initial recognition of the asset and that the loss event had a negative effect on the estimated future cash flows of that asset, that can be estimated reliably. Objective evidence that financial assets are impaired can include default or delinquency by a debtor, indications that a debtor or issuer will enter bankruptcy etc.

Non-financial Assets:

As asset is impaired when an asset's carrying amount exceeds its recoverable amount. The company assesses at each reporting date whether there is any indication that as asset may be impaired. If any such indication exists, the company estimated the recoverable amount of the asset. The recoverable amount of an asset is the higher of its fair value less costs to sell and its value in use. Carrying amount of the asset is less than its carrying amount. Impairment loss is recognized immediately in profit or loss, unless the asset is carried at revalued amount. Any impairment loss of a revalued asset shall be treated as a revaluation decrease.

3.5 Financial Liability:

Financial liabilities are recognized initially on the transaction date at which the company becomes a party to the contractual provisions of the liability. The company derecognizes a financial liability when its contractual obligations are discharged or cancelled or expire.

Financial liabilities include payable for expenses, liability for capital expenditure and other current liabilities.

3.6 Creditors and Accruals:

Liabilities are recognized for amounts to be paid in the future for goods and services received, whether or not billed by the supplier.

3.7 Provision:

A provision is recognized in the statement of financial position when the company has legal or constructive obligation as a result of a past event, it is probable that an outflow of economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. Provision is ordinarily measured at the best estimate of the expenditure required to settle the present obligation at the date of statement of financial position. Where the effect of time value of money is material, the amount of provision is measured at the present value of the expenditure expected to be required to settle the obligation.

3.8 Revenue Recognition:

The company recognized revenue when risk of ownership has been transferred to the buyer, which satisfied all the condition for the revenue recognition as provided in IFRS 15 "Revenue from Contracts with Customers".

Accounting for Government Grants (cash subsidy) and disclosure of Government Assistance:

A Government Grant (cash subsidy) that becomes receivable as compensation for expenses or losses already incurred or for the purpose of giving immediate financial support to the entity with no future related cost, is recognized in profit and loss on accrual basis.

3.9 Income Tax Expense:

Current Tax:

Provision for current year income tax has been made higher one among @ 10% as prescribe in the SRO No. 207-Legal/Income Tax/2016 dated 29.06.16 on the accounting profit by the company, Turn over Tax or AIT deducted at sources.

Deferred Tax:

The Company has adopted deferred tax accounting policy as per International Accounting Standard (IAS) 12. Accordingly deferred tax liability/asset is accounted for all temporary timing differences arising between the tax base of the assets and liabilities and their carrying value for financial reporting purpose. Deferred tax is computed at the prevailing tax rate as per Finance Act 2015.

3.10 Borrowing Costs:

This has been dealt with the requirements of IAS 23: Borrowing Costs. Borrowing costs relating to projects in commercial operation are recognized as expenses in the year in which they are incurred. In respect of projects that have not yet commenced commercial production, borrowing costs are debited to capital work in progress.

3.11 Employee Benefits:

The company's employee benefits include the following:

Short-term employee benefits:

Short-term employee benefits include salary, bonuses etc. Obligations for such benefits are measured on an undiscounted basis and are expensed as the related service is provided.

Contribution to Workers' Participation/Welfare Funds:

This represents 5% of net profit before tax to be contributed by the Company as per provisions of Bangladesh Labor Law, 2006 and is payable to workers as defined in the said law. But this is a problem for us to distribute this fund to workers who are truly entitled as by surprisingly, there are huge turnover, especially in workers level, in this sector so that we could not find those workers at the time of distributing fund. As a result we didn't pay to the members'.

3.12 Proposed Dividend:

The amount of proposed dividend is not accounted for but disclosed in the notes to the account along with dividend per share in accordance with the requirements of the Para 125 of International Accounting Standards (IAS) 1: Presentation of Financial Statements. Also, the proposed dividend has not been considered as "Liability" in accordance with the requirements of the Para 12 & 13 of International Accounting Standards (IAS) 10: Events after the Reporting Period, because no obligation existed at the time of approval of the accounts and recommendation of dividend by the Board of Directors.

The Board Proposed dividend @ 5% cash dividend for the year ended 30th June, 2020 only for the general shareholders.

3.13 Earning Per Share (EPS):

This has been calculated in compliance with the requirements of IAS-33: "Earnings Per Share" by dividing the basic earnings by the weighted average number of ordinary shares outstanding during the year.

Basic Earnings:

This represents earning for the year attributable to ordinary share holders. As there was no preference dividend minority interest on extra ordinary items, the net profit after tax for the year has been considered as fully attributable to the ordinary share holders.

Basic Earnings per Share:

This has been calculated by dividing the basic earnings by the number of ordinary shares issued by the company.

Diluted Earnings Per Share:

No diluted Earnings per Share (EPS) is required to be calculated for the year as there was no scope for dilution during the year under review.

3.14 Cash Flow Statement:

Cash Flow Statement is prepared principally in accordance with IAS 7 "Cash Flow Statement". The cash generated from operating activities have been reported using the direct method as prescribed by the Security and Exchange Rule 1987 and as encouraged by IAS 7 whereby major classes of gross cash receipts and gross cash payments from operating activities are disclosed.

3.15 Foreign Currency Translation:

Translations in foreign currencies are converted into Bangladesh Taka at the exchange rate prevailing on the date of transaction in accordance with provision of IAS 21 "the effect of changes in foreign currency rate"

3.16 Use of Estimates and:

The preparation of financial statements in conformity with IFRSs/IASs requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of Assets, Liabilities, Income and Expenses, and disclosure requirements for contingent Assets and Liabilities during and at the date of the Financial Statements.

Actual results may differ from these estimates. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions of accounting estimates are recognized in the period in which the estimates are recognized in the period in which the estimate is revised and in any future periods affected as required by IAS 8: Accounting Policies, Changes in Accounting estimates and Errors.

3.17 IAS 10“ Event After Balance Sheet Date”:

There is no information/transaction of such importance, non-disclosure of which would affect the availability to the user of the Financial Statements to make a proper evaluation and decision .

3.18 Transaction with Related Parties:

The company has carried on transaction with related parties in the normal course of Business.

3.19 Financial risk management:

The Company management has overall responsibility for the establishment and oversight of the company's risk management framework. Risk management policies, procedures and systems are reviewed regularly to reflect changes in market condition and the company's activities. The company has exposure to the following risks from its use of financial instruments.

- Credit risk
- Liquidity risk
- Market risk
- Operational risk

Credit risk:

Credit risk is the risk of a financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations and arises principally from the company's receivables. Management has a credit policy in place and exposure to credit risk is monitored on an ongoing basis. Risk exposures from other Financial Assets, i.e. Cash at Bank and other external receivables are nominal.

Liquidity risk:

Liquidity risk is the risk that the company will not be able to meet its financial obligations as they fall due. The company's approach to managing liquidity (cash and cash equivalents) is to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the company's reputation. Typically, the company ensures that it has sufficient cash and cash equivalents to meet expected operational expenses, including financial obligations through preparation of the cash flow forecast, prepared based on time line of payment of the financial obligation and accordingly arrange for sufficient liquidity/fund to make the expected payment within due date.

In extreme stressed conditions, the company may get support from the related company in the form of short terms financing.

Market risk:

Market risk is the risk that any change in market prices such as foreign exchange rates and interest will affect the company's income or the value of its holdings of financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters.

(a) Currency risk:

The company is exposed to currency risk on revenues such as revenue from foreign customers. Majority of the company's foreign currency transactions are denominated in USD and relate to export.

(b) Interest rate risk:

Interest rate risk is the risk that arises due to changes in interest rates on borrowing. There was no foreign currency loan which is subject to floating rates of interest. Local loans are, however, not significantly affected by fluctuations in interest rates. The company has not entered into any type of derivative instrument in order to hedge interest rate risk as at the reporting date.

Operational risk

A form of risk that summarizes the risks a company or firm undertakes when it attempts to operate within a given field or industry. Operational risk is the risk that is not inherent in financial, systematic or market-wide risk. It is the risk remaining after determining financing and systematic risk, and includes risks resulting from breakdowns in internal procedures, people and systems. The Operational Risk Management (ORM) of the company involves a continual cyclic process which includes risk assessment, risk decision making, and implementation of risk controls, which results in acceptance, mitigation, or avoidance of risk.

First revaluation of the property at factory office of the company carried out in 2003 by Independent valuer named "Asian Surveyors Ltd." 128, Dilkusha C/A. Further in 2014 The Company in its 123rd Board meeting dated 23rd June, 2014 decided to revaluation of its project land to reflect true picture in the Financial Statements of the company as on 30 June, 2014. The Company engaged an Independent valuer named "Ahmed & Akhtar" Chartered Accountants to carry out the inspection and examination of the project land located at the Factory premises. Subsequently the company appointed "Ahmed & Akhtar" Chartered Accountants for the purpose of Valuation of the Company's Land situated at the Factory premises-BSCIC industrial Estate, Kushtia, Bangladesh as on 30 June 2014. The management of the company in its 124th Board meeting held on 22nd July, 2014 approve the valuation report.

Northern Jute Manufacturing Company Limited

Notes to the Financial Statement

as at 30 June 2020

Notes No.	Particulars	Amount in Taka	
		30-06-2020	30-06-2019

Methodology Adopted for Revaluation of Factory Land in 2014: The Methodology adopted for revaluation of the land has involved two steps. The first step was adopted for physical verification of the land and the second step was for ascertainment of current realizable values, at which the assets should appear in the Balance Sheet as at 30 June, 2014. For the purpose of revaluation of land, the valuer consulted with the district Sub-Registrar Office, BSCIC and the different level of beneficiary in the above area where the land located.

The revalued amount of the land stands at Tk. 203,053,500 as on 30 June 2014 is as follows:

Location of the Land	Land Area	Book Value as on 30 June, 2014 (Tk.)	Market Value as on 30 June, 2014 as per revaluation (Tk.)	Revaluation Surplus (Tk.)
BSCIC Industrial Estate Kumargara,	312.39	42,876,240	203,053,500	160,177,260

	C. Tax bases on Turnover	3,294,619	3,385,316
	Minimum Tax higher of A B C	5,126,583	6,428,938
	Add/Less: Short/Excess provision	-	-
	Provision during the period	5,126,583	6,428,938
	Tax Rate		
	Income from Operation	10%	10%
	Other Income	25%	25%

27.01 Calculation of effective tax rate

Particulars	Income in BDT	Effective Tax Rate	Tax
Business Income	26,652,570	10%	2,665,257
Other Income	4,299,921	25%	1,074,980
	30,952,491	12.08%	3,740,237
Minimum Tax Effect		9.53%	2,948,652
Effective tax rate		21.61%	6,688,889

28.00 Earning Per Share (EPS) Disclosure under IAS 33" Earning Per Share"

Net profit from core business	24,263,602	49,895,771
Total Number of Shares outstanding as on 30.06.2020	2,142,000	2,142,000
Earning Per Share	11.33	23.29

Net profit in the year 2019-20 is decreased due to COVID-19. Due to COVID-19 the factory was completely closed for almost 3 months. Moreover, the availability of raw jute in the local market was not adequate to the demand during the year. Purchase price of raw jute was higher than the previous year. As a result, cost of finished goods was increased during the year. So that, net profit has been decreased compared to the previous year.

29.00 Net Asset Value (NAV) per Share

Total Shareholders Equity	174,917,157	172,073,555
Total Number of Shares outstanding as on 30.06.2020	2,142,000	2,142,000
Net Asset Value (NAV) per Share	81.66	80.33

General for compliance with Securities Exchange Rule, 1987

- All Shares have been fully called & paid up in cash.
- There was no preference shares issued by the company.

Northern Jute Manufacturing Company Limited
Notes to the Financial Statement
as at 30 June 2020

Notes No.	Particulars	Amount in Taka	
		30-06-2020	30-06-2019
	c) During the year under review there was four no. of board meeting. The rate of the board meeting attendance fee per meeting per member was Taka 5,000 and these were drawn by the respective directors.		
	d) There was no imported raw materials or spares etc. used during the year under audit.		
	e) The company is subject to foreign currency fluctuation as the local currency (Taka) varies with US Dollars and other foreign currencies.		
	f) Total Export earning during 2019-2020 was \$ 65,63,912.		
	g) Miscellaneous Expenses in 2019-2020 was Tk. 6,65,740.		
	h) Payment/ perquisites to Directors :		
	Remuneration was paid by the company to the Managing Director of the company.		
	No amount of money was expended by the company for compensating any member of the board or special services rendered.		
	Managerial Remuneration	1,500,000	1,500,000
	Bonus	75,000	150,000
	Perquisites:		
	Medical	-	-
	Others	-	-
		1,575,000	1,650,000

Notes No.	Particulars	Amount in Taka	
		30-06-2020	30-06-2019
30.00	Net Operating Cash Flow Per Share (NOCFPS)		
	Net cash flow from operating activities	19,221,575	(48,540,307)
	Total Number of Shares outstanding as on 30.06.2020	2,142,000	2,142,000
	Net Operating Cash Flow Per Share (NOCFPS)	8.97	(22.66)

Net operating cash flow per share (NOCFPS) during the year is Tk. 8.97 as compared to last year (22.66). This is because we had made payment slower than other time and production had been closed for pandemic in COVID-19 period.

Northern Jute Manufacturing Company Limited
